TUBE PRODUCTS OF INDIA, AVADI

We organised an Industrial Visit for our first year students to Tube Products of India on 13.09.24. The visit was attended by 45 students along with 1 faculty. The visit was coordinated by Mr. Iyyam Perumal, Head – Skill Development Centre. We were welcomed by the team of SDC and they offered refreshments to our students.

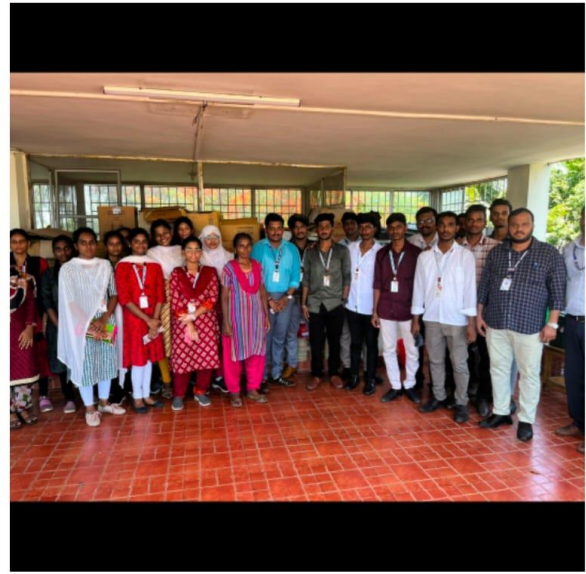

Students were asked to assemble in the seminar hall and the presentation was made with audio visual setup. The presentation focused on the contributions of Tube Products of India towards Tamil Nadu. Detailed information regarding the manufacturing process and how they acquired the market share in the span of several years. The visit also focused on the legacy of Murugappa group and their role in the upliftment of the Tamil Nadu and other states in India.

ECO KITCHEN

Department of Management Studies, Tagore Engineering College has organized an Industrial Visit to Eco Kitchen, Injambakkam on 17/08/2024 to II-year MBA students. Eco Kitchen is a food factory serving 30,000 food parcels per meal. Students understood the logistics, NGO and business model.

PARLE G

First Year MBA students visited the Parle-G Manufacturing Facility located in Anna Nagar Chennai.

The visit aimed to provide students with practical insights into the Operations, Supply Chain Management, Marketing Strategies, and overall Business Practices of one of India's leading FMCG company.

HEARTFULL MEDICATION CENTRE

First Year MBA students visited the "Heartful Medication Centre". It is a healthcare facility that focuses on providing compassionate, comprehensive medical care with a heart-centred approach. Patients are treated with kindness, empathy, and thorough attention to their medical needs, reflecting a commitment to both physical health and emotional well-being.

Our students gained insights about Yoga for Physical and Mental Well- being.

SRI KVS INDUSTRY

Second Year students visited KVS Industries, a prominent player in the manufacturing sector, located in Ambattur.

The objective of the visit was to provide students with a hands-on understanding of the industry, including Operational Processes, Management Practices, and Strategic Initiatives. The insights gained from this visit are expected to be highly beneficial in their academic and future professional endeavors.

HATSUN

First Year students visited the Hat sun Agro Products, Kanchipuram, which is a prominent dairy company in India known for its wide range of dairy products, including milk, curd, cheese, and ice cream. Their facility in Kanchipuram, Tamil Nadu, is a key part of their operations. The General Layout, Product Range, Processing Techniques, Quality Control, Compliance were all explained to our students. The students got valuable insights during the visit.

RANE

First Year students visited Rane a well-established player in the automotive component industry. The specific objectives of the visit include understanding the manufacturing process, exploring technological innovations, assessing safety measures.
